Communication and Collaboration for Your Mobile Workforce

QUALITY AT SCALE, SIMPLE MANAGEMENT, FEATURE RICH

We know your business relies on staying connected to your customers and employees. *Voice Connect* takes your phone to the next level—with all the features your business needs and none of the up-front costs for on-site equipment.*

It's time to take your business phone to the cloud!

Turnkey Solution

Everything is included. No need to worry about upgrading technology because it lives in the cloud.*

Voice Connect offers scalable solutions so you can talk, message and collaborate anywhere. Choose a **Voice Connect** plan that is right for your business.

* Lease or purchase of IP phones may be required, to learn more ask your sales representative

VOICE CONNECT PRO

Cloud Voice makes it simple to streamline your phone system

- Voice Connect Stations - Fully featured cloud based desktop phones, providing voice services to all employees and conference rooms.
- Hosted SIP Trunks - IP trunks provide connectivity to customer owned PBX equipment connecting to the PTSN, with simultaneous call paths for voice delivery.
- Business Lines - POTS lines available for connectivity to Key Systems, or stations that require small feature sets such as a warehouse or a dock.
- PRI - Trunk connectivity for older systems solely supported by PRI interfaces, while still enabling full access to the advantages of Horizon Hosted SIP trunk services.
- Phones and Devices - Certified full featured IP Phones for desktop and conference rooms with more than 100 IP calling features. Phones available for purchase or lease.
- Call Plans - Horizon Hosted Voice call plan include Unlimited Nationwide Calling to the 48 Contiguous United States. Additional call plans are available upon request.
- Additional Options - DID numbers, Toll Free features, LNP - Local Number Porting, and Directory listings are available options.

VOICE CONNECT PREMIUM

Take your office calls and instant messages on the go, wherever your travels take you.

- Make calls and IM from an intuitive app on your laptop, tablet or smartphone.
- Keep your team's cell phone numbers private.
- Display the office phone number on your outgoing caller ID.
- Subscribe to a company contact list or share contacts with coworkers.
- Forward voicemails to email or get push notifications on your device.

VOICE CONNECT DELUXE

Upgrade your team to HD video conferencing, softphone and instant messaging.

- Unify your communication tools with a single solution.
- HD video conferencing for up to 200 participants.
- Advanced features like screen sharing and integrated messaging makes collaboration easy and intuitive.
- Take control of your meetings with moderation tools to mute participants, assign presenters, share your screen or lock the bridge.
- Access your softphone, chat, and video conference from anywhere on any device, saving you time and money.
